SUPPORTING MATERIALS

Please also provide the following:

- One-Line Diagram of DG Facility; and (if possible)
- Manufacturer's Specifications
- Any other supporting documentation for the DG Facility that will assist the Cooperative in processing this DG Application.

If the Cooperative determines Cooperative system upgrades will be required as part of the interconnection, Member/Owner will be contacted to determine if they want to proceed with the upgrade costs under the Cooperative's Line Extension/Construction Policies.

Member/Owner will be contacted by the Cooperative when the review process is complete with the fees and costs associated with the interconnection and to provide the Member/Owner with the appropriate agreement(s).

Before constructing, interconnecting and operating the DG Facility, the Member/Owner agrees that they shall: (1) pay all fees and costs associated with interconnection; and (2) receive final approval(s) from the Cooperative and/or the appropriate agreement(s) signed by the Cooperative's authorized representative.

Member/Owner hereby acknowledges that Cooperative is under no obligation to take any action on this DG Application until the Member/Owner has paid the applicable DG Application fee and other review costs based on the DG Facility's classification.

Dated: ____/____/____
